Cara yang perlu dibuat supaya Microsoft Defender/Antivirus tak delete program RepoPro

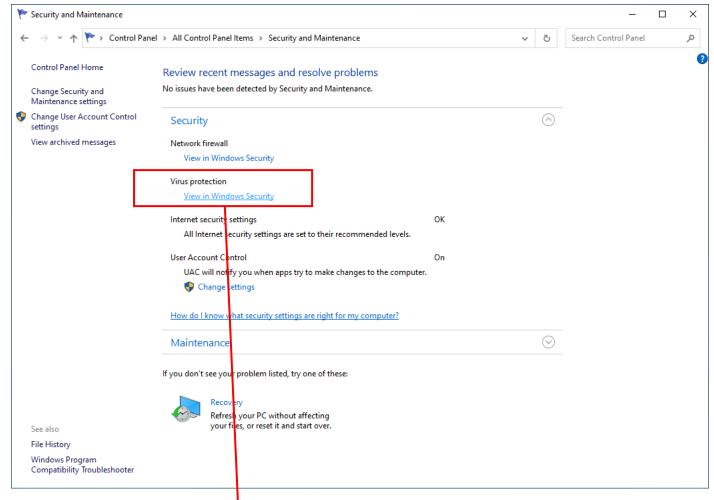

Step 1: Taip "control panel" di sini dan kemudian klik di sini.

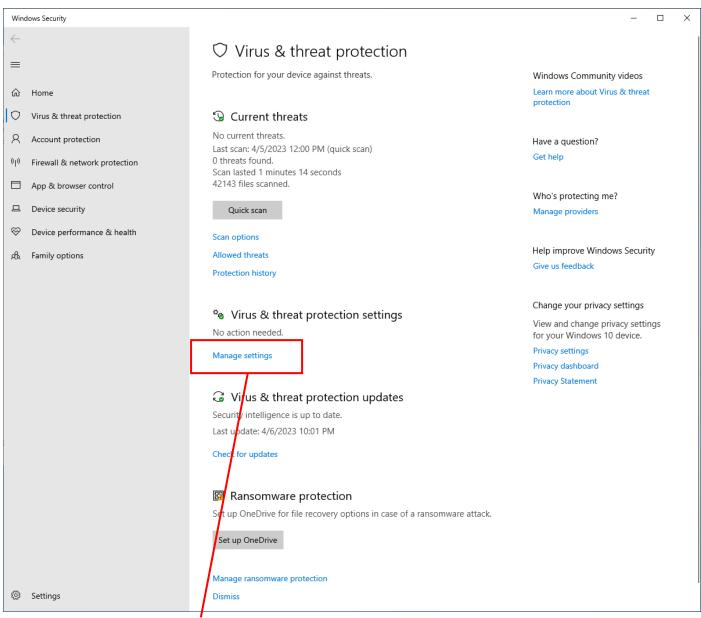

Step 2: klik pada "Security and Maintenance"

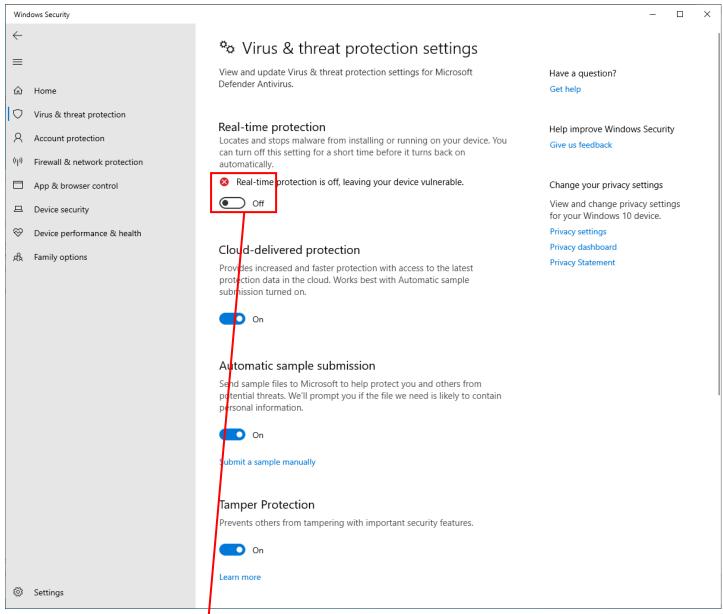

Step 3 : klik pada "Security"

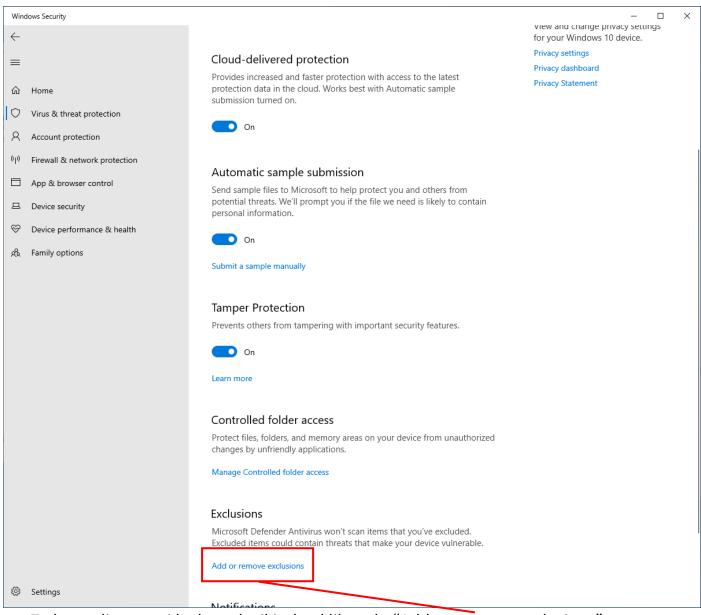

Step 4: klik pada "View in Windows Security" di bawah Virus Protection.

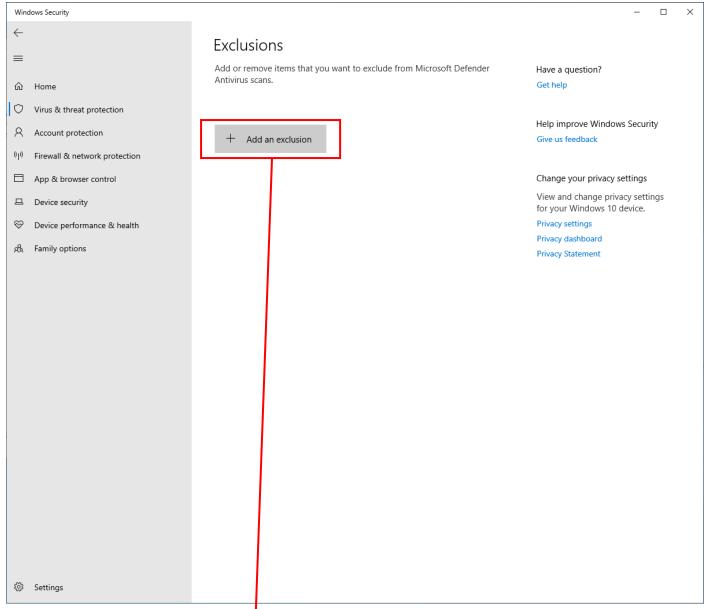

Step 5 : klik pada "Manage settings"

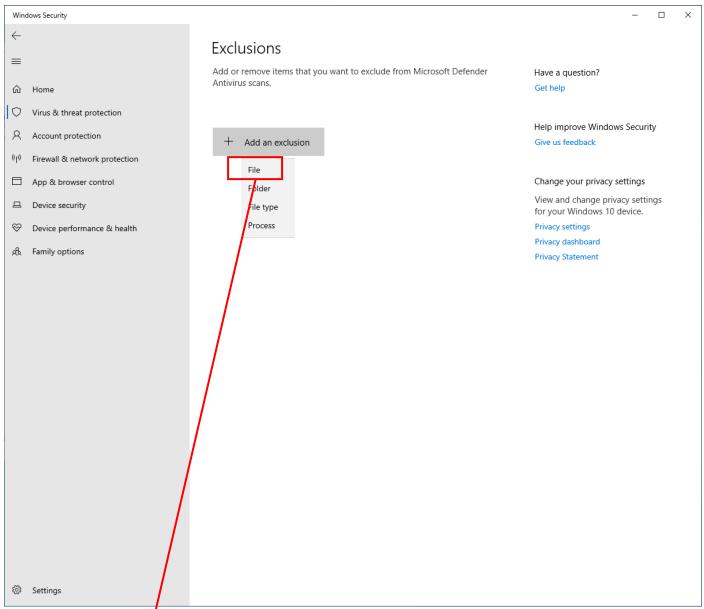

Step 6 : klik disini untuk "Off" Real-time protection

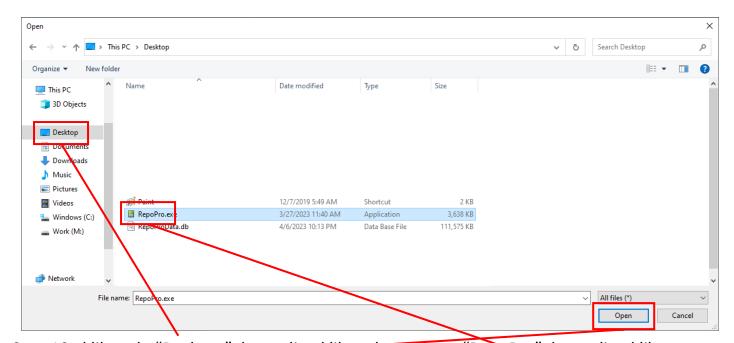

Step 7: kemudian pergi ke bawah sikit dan klik pada "Add or remove exclusions"

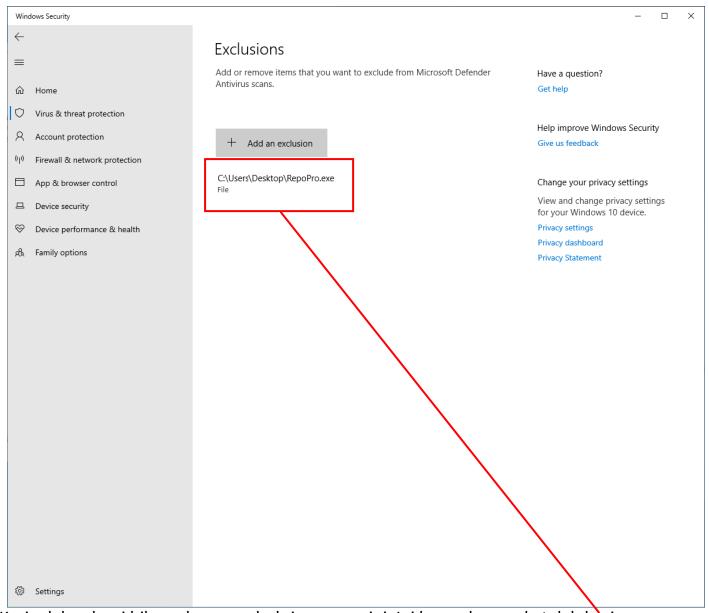

Step 8: klik pada button "Add an exclusion"

Step 9 : klik pada "File"

Step 10 : klik pada "Desktop", kemudian klik pada program "RepoPro", kemudian klik button "Open"

Kerja dah selesai bila anda nampak skrin macam ini. Ini bermakna anda telah berjaya.
